Function room music

We are happy that you organise your own music and entertainment to suit your party but if you need advice we can help.

If it is a DJ you need we regularly use and can recommend:

Jack Plug Entertainment with Chris Spittal who will work with you to put together a play list to suit your tastes. He is a full member of The National Association of Disc Jockeys (NADJ) and has the required Public Liability Insurance. 07711 990034

Chris@JackPlugEntertainment.co.uk

www.jackplugentertainment.co.uk

For something different we can recommend JUKE BOX hire, a Wurlitzer juke box with over 100 CDs covering all types of music spanning 60 years.

Contact Steve Chatterton, Manager (Jukebox-hire) Steve@jukebox-hire.co.uk www.jukebox-hire.co.uk 07860 516 973

Or if it is LIVE MUSIC you want we are happy to recommend two live bands that have played at our venue:

Mirage www.thebandmirage.net mirage@reece-farren.com 07973 800784

The Turnarounds www.theturnarounds.co.uk bookings@theturnarounds.co.uk

Alternatively some clients choose just to bring their own i-pod and speakers. The choice is yours. If you do arrange your own entertainment we ask that your provider sends us a copy of their public liability insurance in advance of the event and that they can show that all their electrical equipment is PAT tested. This will not be a problem to any reputable entertainer.

We are obviously keen that music from our venue does not disturb our neighbours and to prevent such nuisance we monitor volumes carefully. There are strict conditions attached to our licence which mean that the balcony doors and windows must remain closed after 9pm. There are fans and portable air conditioning units in the room to ensure the comfort of your guests.
